CONTENTS OF VOLUME II

Number 1

		Page
Electrocardiographic Findings in Anæmia	By P. Szekely	1
U, The Sixth Wave of the Electrocardiogram	By Cornelio Papp	9
The Psychological Treatment of Cases with Cardiac Pain	By Geoffrey Bourne and E. Wittkower	25
Analysis of Fifty Normal Electrocardiograms including Lead IV	By Jenner Hoskin and P. Jonescu	33
Electrical Axis Deviation of Fifty Normal Electrocardiograms	By Jenner Hoskin and P. Jonescu	47
The Relative Value of Certain Digitalis Preparations in Heart Failure with Auricular Fibrillation	By William Evans	51

Number 2

Congenital Aneurysms of all three Sinuses of Valsalva	By R. H. Micks	63
A Single Coronary Artery	By E. S. J. King	79
The Electrocardiogram in Pellagra	By F. Mainzer and M. Krause	85
The Effect of Electrodes made of Different Metals on the Skin Currents	By E. W. Marchant and H. Wallace Jones	97
The P–R Segment in Hypertensive Heart Disease	By L. Hahn	101
The Syndrome of Short P–R Interval, Apparent Bundle Branch Block, and Associated Paroxysmal Tachycardia	By Alastair Hunter, Cornelio Papp, and John Parkinson	107
Atypical Pain in Angina Pectoris and Myocardial Infarction	By J. D. Spillane and Paul White	123
The Action of Digitalis in Heart Failure with Normal Rhythm	By Paul Wood	132

CONTENTS OF VOLUME II (*continued*)

Number 3

		Page
Peripheral Circulation by Photo-electric Recording	By Bernard Leibel	141
Regeneration in Cardiac Muscle	By E. S. J. King	155
Tuberculous Pericarditis	By H. L. Heimann and S. Binder	165
Right Ventricular Hypertrophy of Unknown Origin : So-called Pulmonary Hypertension	By S. de Navasquez, J. R. Forbes, and H. E. Holling	177
Pulmonary Hypertension	By Terence East	189
Failure of the Right Ventricle	By T. G. Armstrong	201
Coarctation of the Aorta at or above the Origin of the Left Subclavian Artery	By R. H. Bayley and J. E. Holoubek	208
Paroxysmal Tachycardia caused by Pentamethylene-tetrazol	By F. Klein	213

Number 4

The Influence of Fear on the Electrocardiogram	By F. Mainzer and M. Krause	221
Cardiovascular Disturbances caused by Deficiency of Vitamin B_1	By Geoffrey Konstam and H. M. Sinclair	231
A Case of Beri-beri Heart	By W. G. A. Swan and F. Laws	241
Pulmonary Stenosis produced by Aneurysm of the Ascending Aorta	By Karl L. Dickens	247
Aneurysmal Dilatation of the Pulmonary Artery	By K. D. Wilkinson	255
A Note on Pulsating Manubrial Tumour	By Thomas Lewis	260
Œsophageal Electrocardiograms in Auricular Fibrillation	By J. Nyboer and J. G. M. Hamilton	263
Myocardial and Pericardial Lesions due to Non-penetrating Injury	By E. Warburg	271
The Vascular Response in Chronic Rheumatoid Arthritis	By A. Benatt and H. J. Taylor	281
The Heart Rate during a Simple Exercise	By J. A. C. Knox	289
William Withering (1741–1799) and Edgbaston Hall	By K. D. Wilkinson	298
